## Flying into the future

Located on the south coast within easy travelling distance of the famous conference resort of the City of Brighton & Hove, Shoreham Airport offers corporate, executive and business flyers an ideal location for their aircraft. In addition Shoreham Airport is home to many charter companies along with scheduled services to France and the Channel Islands and also flight training schools are available for both fixed wing aircraft and helicopters.

The airport is in turn boosting the local tourist economy by holding major events such as air shows, car shows and fly-ins. Within its perimeter of its 200 acres there is a 10 acre site to hire and we are looking into the future for drive-in cinema, antique fairs and marquee hire for corporate or private hire. We also have two fully equipped conference rooms available with our in house caterers and two licensed restaurants.

General aviation maintenance and engineering companies are based at Shoreham Airport along with the supplies of quality products from Transair Pilot Shop. With over 700 people working for companies on the premises the economic regeneration is well advanced and future major developments are pending under the direction of the new owners Erinaceous Group PLC.

Shoreham Airport has free car parking and is easily located just south of the A27 and north of the A259 in Shoreham-by-Sea.

**For more detailed information take a look at our website [www.shorehamairport.co.uk](http://www.shorehamairport.co.uk)**
