FEBRUARY 2011

42 **4 Chairman's Column**

Sustainable general aviation.
By **George Done**

5 AOPA Working for You

N-reg up in the air; dwindling pilot numbers; CAA ponders how to save the IMC rating; Olympics picture still cloudy; understanding airproxes; wind farm issues

13 The giant awakes

China makes the first moves to liberalise its airspace and encourage general aviation, as **Liz Moscrop** reports

18 Bangkok by Mooney

Tropical thunderstorms and regular rip-offs can't dim the magic of a flight to the Far East. By **Alan Wood**

24 Vintage stuff

The Historic Aircraft Association introduced by **Steve Slater**

33 **26 Tiger Moth**

Terry Earl gets reacquainted with an old friend, and meets the men who are keeping our aviation heritage alive

33 SolidFX

Electronic plate reader impresses **Steve Copeland**

35 Letters to the Editor

CAA prosecutions; flying the Cranfield A1 in competition

38 Briefings

Encouraging women pilots; scholarships for all; Alan Sugar gets longer legs

40 Rutland Flying School

The CAA's rule change on licensing has led to the establishment of a new flying school on an unlicensed farm strip. **Pat Malone** reports

42 Duncan Simpson

A profile of the great Hawker test pilot who was intimately involved in the Hunter, Harrier and Hawk. By **Pat Malone**

48 **48 Hornet Moth**

Ahead of its time as an executive transport, not so good as a trainer. By **David Ogilvy**
